Build your beMatrix inventory quickly and easily with our Kickoff Packs. Kickoff Packs are a **ready to use exhibit and event building kit** designed for those who want to get started building with beMatrix or anyone looking to quickly grow their inventory. Three options are available including the Starter Pack, Extra Pack and Deluxe Pack. Learn all about our Kickoff Packs in this brochure.

Kickoff packs

Why buy a Kickoff Pack?

Kickoff Packs are a great starting point for anyone looking to start or grow their inventory of beMatrix products. Kickoff Packs are a **cost-effective** way to begin your beMatrix journey.

With beMatrix you can:

- Easily setup exhibit and event spaces
- Toollessly assemble your beMatrix design
- Build with modular frames that are light-weight, user-friendly, and 100% reusable
- Create sustainable designs

Advantages

Lightweight trolley

Our lightweight trolley can be used to easily transport the Kickoff Packs. The trolley is included in the Start Pack, but can also be bought separately.

10% Discount

A 10% discount is calculated in the gross price of the Kickoff Packs. Buying a pack is therefore more profitable than buying all the pieces separately.

Rental Service Centers

Our network of service centers provide different long-term and short-term rentals with support whenever you need it. Visit the beMatrix website for an overview of products and Service Centers.

Overview

beMatrix offers three different Kickoff Packs: **the Starter Pack, Extra Pack, and Deluxe Pack**. All packs have been assembled based on our expertise, allowing you to build many different designs with just a small stock of beMatrix products. Your Kickoff Pack will include our b62 frames, all required connectors, and various kinds of accessories to help complete your build. Every pack also contains a technical drawing and a panel plan (in .PDF and .DXF).

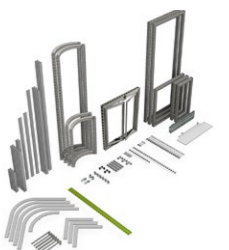

Kickoff Starter Pack

The Starter Pack includes straight frames, a pivot door, SAM lighting, a trolley and a basic set of connectors.

Kickoff Extra Pack

The Extra Pack includes everything found in the Starter Pack plus curved frames, small frames, cover profiles, a base plate, a flat screen bracket and shelf brackets.

Kickoff Deluxe Pack

Deluxe Pack includes everything found in the previous two packs plus one sideLED lightbox, additional frame sizes and flooring options. The Deluxe Pack also includes the hardware needed to create an angled wall.

Starter Pack

The following designs can all be built using the **Starter Pack**.

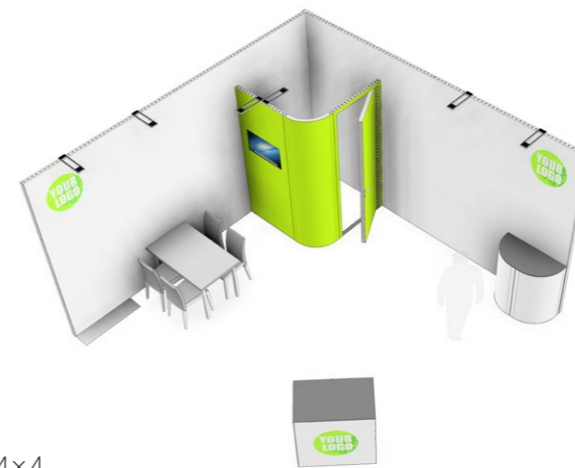

3x3

3x3

Extra Pack

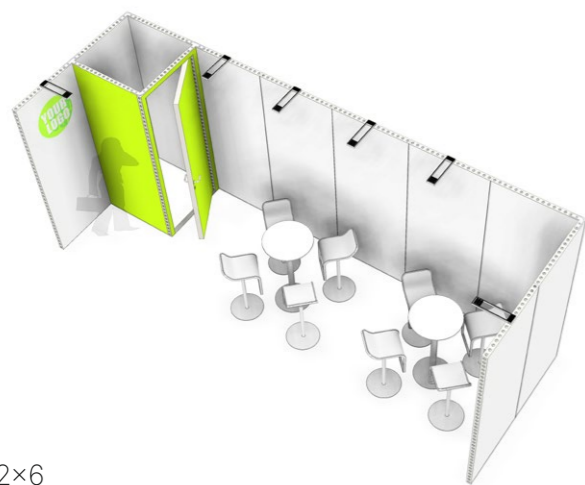

With the **Extra Pack** you can build everything from the Starter Pack as well as the designs below.

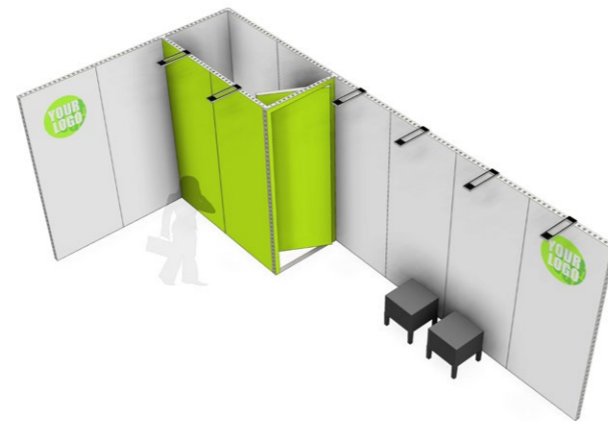

4x4

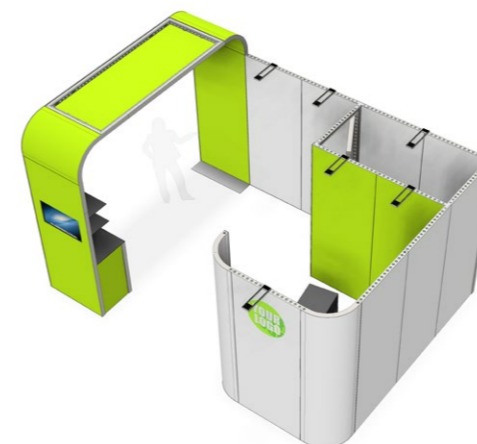

3x6

2x6

6x3

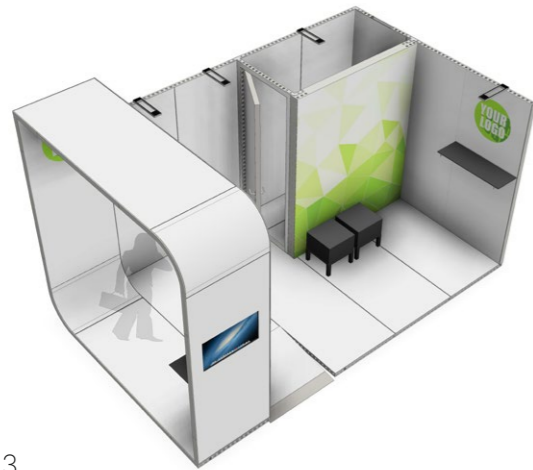

5x4

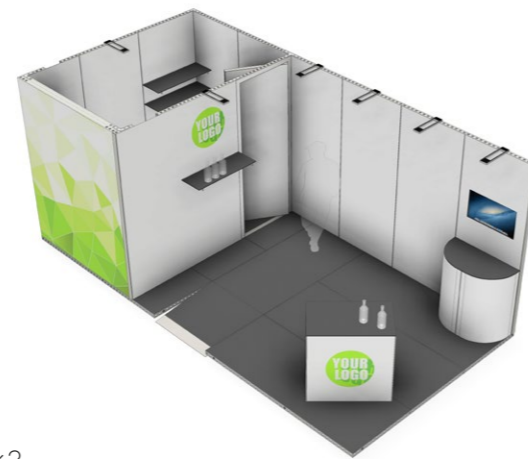

5x5

Deluxe Pack

With the **Deluxe Pack** you can build everything from the Extra Pack as well as the designs below.

5x3

6x3

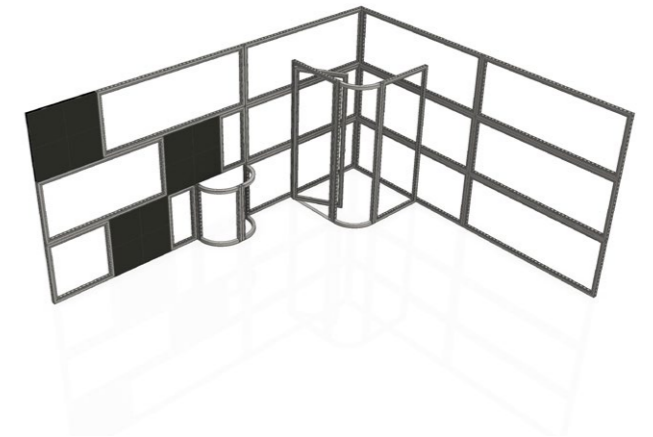

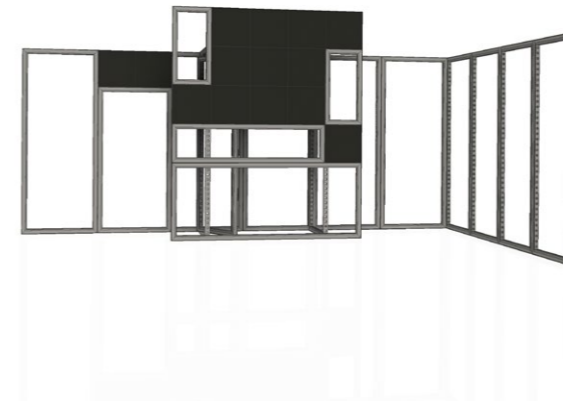

5x4

9x4

LEDskin® integration

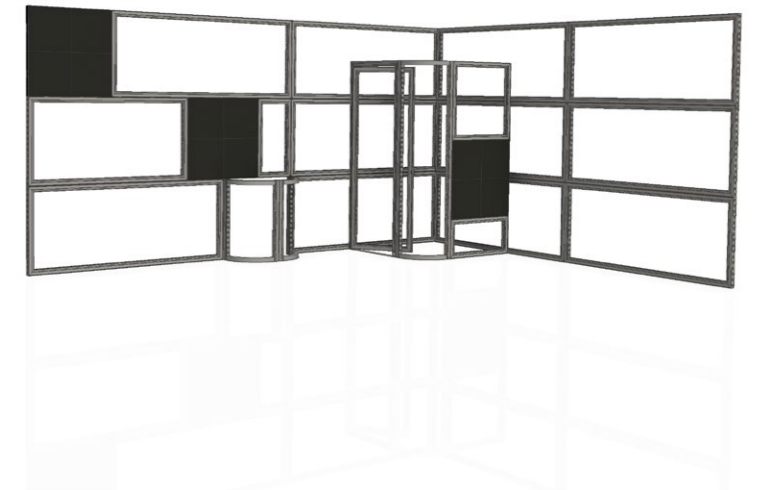

beMatrix Kickoff Packs allow designers to easily integrate LEDskin® into their builds. Purchase LEDskin® from beMatrix or rent from one of our AV bePartners.

A perfect fit

LEDskin® is available in 3 pixel pitches: 1.9, 2.5 and 3.1 mm. This guarantees optimal resolution, brightness and fidelity.

LEDskin® fits perfectly within the beMatrix system meaning you can seamlessly integrate LED video into your designs.

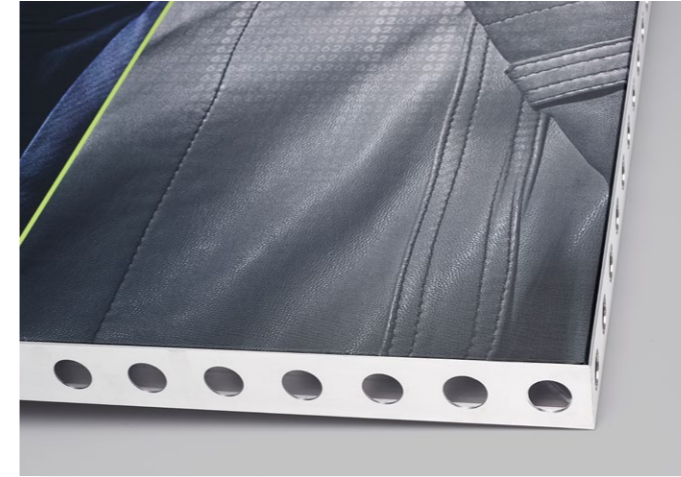

The 8 beMatrix principles

Quality guaranteed

All beMatrix frames are manufactured in-house, so we are in control of every step in the production process. Continuous optimisation and innovation initiatives ensure the system always complies with the market's demands.

Top finishing

The beMatrix system comes with a large range of tools and accessories to finish your exhibit or event exactly the way you want. With the infills, you can even hide the entire frame system so it becomes invisible to the eye. Thanks to our 'seamless' concept, not one seam will be noticeable.

Freedom to design

A design built with beMatrix combines the benefits of a modular system with the possibilities of made-to-measure solutions. Almost any shape, contour and construction is possible and can easily be created. One single frame allows you to create all different kinds of design concepts.

Lightweight

The aluminium frame system is lightweight, ergonomic and eco-friendly. With our system, your transportation costs and CO2 emissions remain low.

Fast

Assembly and disassembly of the beMatrix system takes hardly any time. Its lightweight, simplicity and tool free assembly save loads of time, leaving you space to focus on the finishing details of your design.

Long life cycle

The system is extremely sturdy, making it endlessly reusable. Wear and tear won't shorten its life cycle, since the frame is not visible to the eye once the entire stand is set up.

Ecologically sound

Because of its low weight, long life cycle and modular character, the beMatrix frame system is the eco-friendliest system today. Moreover, it is made out of untreated aluminium, so 100% recyclable and reusable without any quality losses.

International network

Our bePartner network brings together high-quality providers of graphics and AV solutions. Each of our partners meet strict quality standards to ensure they provide you the best possible services.

bePartners at your service

AV bePartner

Our AV bePartners know beMatrix products like the back of their hand. Their quality AV experience makes them an invaluable resource for all things AV-related with your beMatrix booth.

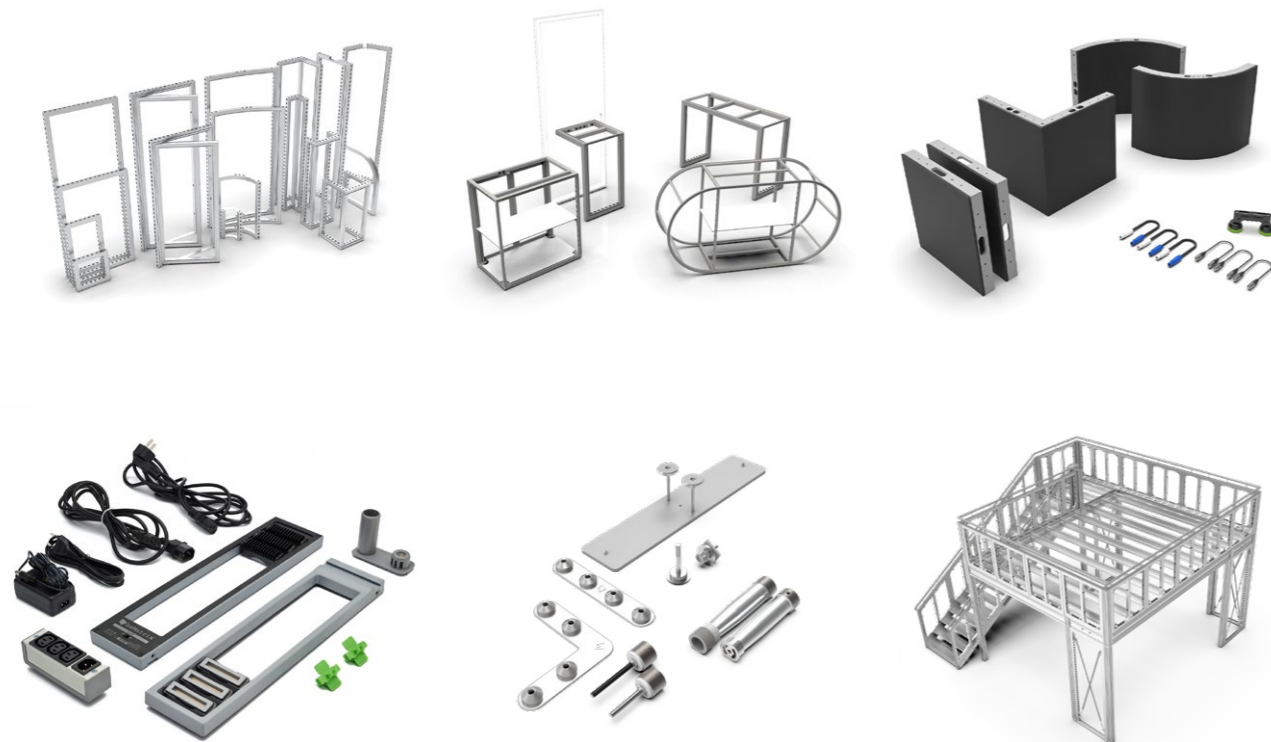

Print bePartner

Printing textiles takes precision. Print bePartners have proven their mastery of this skill and guarantee perfect service, time and again.

Rental Network

Create unique and outstanding designs for your next project with minimal investment using our Rental Service Centers. Grow your business without having to worry about excessive shipping fees; the beMatrix Rental Program ensures you get the frames you need wherever your next event or exhibit is taking place. You can even make up for stock shortages without having to purchase additional inventory. Our beMatrix Service Centers store a large range of frames, specialty items and other beMatrix solutions to support you.

Our Rental Program offers no upfront costs, no initial deposits and no maximum rental time frames. By renting with beMatrix, you can increase your ROI and reduce your shipping costs without limiting your stock. We rent directly with our customers, so we don't work with end-users. Contact us now for your rental needs. Our knowledgeable Account Managers will help you make the right choice for your rental needs.
